# **Cushions Positioning**

Positioning cushions allow you to effectively and rapidly secure postures which contribute notably in terms of reducing the pressure placed on body skin and tissue, vulnerable to pressure sores.

Adapt perfectly to all different morphologies thanks to the micro balls or fibres used. Waterproof and breathable cover.

## Cylinder cushion

410165 dim. 150 cm Ø 18 cm Micro balls 410181 dim. 150 cm Ø 18 cm Fibres

Prevention of ulcer in the trochanter area. Reducing pressure on trochanter, the lateral positioning cushion promotes a 30 degree side lying position which is the recommended position in order to minimise pressure.

### **Tube cushion**

410161 large dim. 70 cm Ø 15 cm Micro balls
410160 small dim. 30 cm Ø 15 cm Micro balls
4101 large dim. 70 cm Ø 15 cm Fibres
4101 small dim. 30 cm Ø 15 cm Fibres

Multiple solutions depending on clinical need and comfort. Prevention of bedsores in the trochanteric region, for elbows, heels, malleolus and in the sacrum, ischion areas.

## Athenax Pillows

Because a nice sleep is essential to your balance and health, the Dugaran laboratories conceive ergonomic pillows together with the best specialists. These pillows have various densities and shapes to fulfill your individual needs in terms of comfort, correct the bad postures and relieve the cervical vertebras. All pillows are delivered with **bamboo or cotton cases**.

#### Physio bamboo 420916

Its round shape supports your neck, back and head during sleep. This pillow adapts perfectly to the shape of your body. Designed to keep your neck and spine properly aligned. A more traditional shape for this Visco Bamboo, this memory foam pillow perfectly adapts to the shape of your neck and spine.
